To Whom It May Concern:

We have been working with the Outer Limit Studios over the past year to produce web based training courses. We have been very pleased with the way our project has been handled by Mr. Boehringer and his company.

Mr. Boehringer and his staff have been very helpful providing information and technical advice about both the architectural platform and the course software. Their expertise in creating the website, the learning management system and the course content has been invaluable.

We look forward to a continued relationship with The Outer Limit Studios and heartily recommend their services to anyone in need of a quality internet product.

Sincerely,

Sharon Currie

Technical Director, AMTi
