To Whom It May Concern:

It is my pleasure to recommend The Outerlimit Studios for Web Design and Hosting services. Our company has grown from utilizing the services of an in-house website developer to creating a new database driven website with the capabilities of handling our online reservations.

Our biggest concern in redoing our site was finding someone who could provide us quality work and we could depend on. Needless to say, we are very happy with the prompt and efficient service that we have received and are looking forward to an on-going working relationship with the The Outerlimits Studios.

Please feel free to contact me if you any questions regarding the capabilities or the services that The Outerlimit Studios can provide.

Sincerely

JBS Destination Solutions
